Sir HA

SIR,

**Subject :** Ry Ir B. 8 34 57

I write to forward herewith an estimate for Rs.43,200/- for the work of constructing 3 bungalows to the east of of the Banajigar Hostel site near Professors' Quarters in Saraswathipuram, Mysore. The Board of Trustees at its meeting held on 24-2-1954 (vide resolution No.400- copy of which is enclosed for ready reference) approved the cost of the scheme for Rs.48,000/- and the present estimate has been since got up for Rs.43,200/- to suit the minimum requirements of the occupants for whom it is intended.

The report accompanying the estimate explaining the necessity is also enclosed herewith.

The cost of the work is proposed to be met out of the provision made in the current year's budget of the Board under "Construction of model houses in several localities". As the houses are to be located in a prominent place in the neighbourhood of Law Courts and Colleges, there will be ready demand for this type of houses. Hence the proposal for constructing bungalows is taken up to suit the locality.

I request that the estimate may kindly be sanctioned early.

Yours faithfully,

S.Linganna 17/4/54

MYSORE,

*Dated* 17th April 195 4.

Report to accompany the detailed estimate for the construction of three bungalows on the sites to the east of Banajigar Hostel site, near Professors' quarters in Saraswathipuram, Mysore.

---

There are three vacant bungalow sites to the east of the Banajigara Hostel near Professors' Quarters in Saraswathipuram as shown in the accompanying site plan. It is proposed to construct 3 bungalows on the above vacant sites, costing Rs.13,400/- each as per the approved design enclosed herewith.

The detailed estimates for the construction of each bungalow together with compound and garage costing Rs.13,400/- are prepared and enclosed herewith. The main building is proposed to be constructed with size stone in mud in foundation and basement on lime concrete foundation at bottom and burnt brick in mud in superstructure, plastered over with lime mortar. The wodd work proposed is of teak for all the doors, windows and wall shelves etc. The R.C.C.roof of 5" thick as per specification is proposed for the main building and cement asbestos sheet roof for garage. The construction of compound wall all-round the building is also proposed.

All necessary items of works such as flushing arrangements, water supply connections, electrical installations, providing iron gate to the compound etc., are provided in the estimate. The details for lumpsum provisions will be worked out during execution. The rates provided in the estimate are as per current schedule of rates. The total cost of the estimate amounts to Rs.13,400/- which may kindly be sanctioned early.
